# INFLATABLE KAYAKS

## Introducing the new Hobie i-Series!

Combining an innovative hull design (patent pending) with the Hobie MirageDrive is redefining how the world views inflatable kayaks. Joining the i12s single and i14t tandem is the all-new i9s, the smallest, shortest, lightest kayak in our fleet. With the supplied pump, they inflate easily, deflate quickly, and are ideal for the kayaker who's short on space and storage. Packed in their own rolling travel bags, they fit easily in the trunk of your car, on your boat or in your RV—you can even take them on your next vacation. Optional accessories include: a Sail Package, Cup Holder, Rod/Accessory Holder and Plug-in Cart.

**Quality and innovation from Hobie...Still the Best Ride.**
